

PERMIT TERM 118A

Title: Selective Clearing Program - Existing

When Used: If approval of the application is justified solely on the basis of water saved through brush clearing.

Term:

This permit is subject to the continuation of a selective clearing program within the watershed of the reservoir(s) under this permit which will control the growth of brush to the extent to which the growth of brush was controlled in such watershed under the applicant's selective clearing program in (year)\*, and shall consist of a periodic removal of brush from \_\_\_ acres within \_\_\_\*\*. Permittee shall provide to the State Water Resources Control Board, at regular intervals not to exceed five years, satisfactory evidence of compliance with this term.

(0020118a)

\* Year of issuance of permit.

\*\* Description of location of cleared land by range and township.
